* This fee is charged by our card processing partner, Barclays.

Because we serve more than 3,000 UK charities, our fees are far less than the costs of setting up, hosting and running your own secure donation and fundraising site.

After deduction of our transaction fee you still receive almost £12 for every £10 donated – with no admin burden! According to independent website CharityFacts.org, offline fundraising costs 15p–25p in every £1 – so our 5% fee means more money to spend on your cause.
